Background of Pepper/Mergermarket Study

Methodology

In Q2 2015, Mergermarket interviewed 50 private equity partners, directors and principals from across the United States. The fund sizes managed by the interviewees are equally split between US\$250m-US\$500m and US\$501m-US\$999m.

To qualify for the study, respondents must have co-invested with an institutional investor within the previous three years. The results are anonymized and presented in aggregate.
