

Troutman Pepper One

One year ago, two distinguished and venerable law firms became one. We knew completing this combination during a global pandemic would be challenging – but it was a risk worth taking, resulting in a stronger, more capable firm delivering the innovative legal solutions that clients need today and in the years to come. We are proud to share some of our achievements in our first year as Troutman Pepper.

Innovation in Client Care

Our Client Care and Innovation teams instituted a client value program that harnesses technology and client feedback to develop creative products and solutions:

- Designed a custom app for **Duke Energy**, combining feedback surveys, a team directory, and curated insights on issues important to Duke.
- Developed a dashboard for **Anheuser-Busch** that provides the brewing icon with insights into regulatory issues across the nation.

Pro Bono

We continued to give back to the communities in which our attorneys and staff live and work:

- Dedicating 38,639 hours to pro bono in 2020 – an increase of more than 2,000 hours from 2019.
- Supporting nonprofits, military veterans, children, the wrongfully accused, immigrants, and so many more.

Diversity, Equity, and Inclusion (DEI)

We have strengthened our commitment to DEI:

- Adopting an action plan to further our response to racial injustice and assess racial diversity issues within the firm, including specific institutional, educational, and client-focused initiatives the firm has taken and will undertake, and a timeline for achieving them.
- Partnering with a diversity and inclusion strategy firm to help assess and address any barriers to DEI.
- Expanding our diversity and inclusion team and implementing DEI partner leadership positions in every practice group.
- Earning the distinction as a “Best Place to Work for LGBTQ+ Equality” and a 100% rating on the Human Rights Campaign Foundation’s 2021 Corporate Equality Index.
- Achieving Mansfield Certified Plus status.

Year One Client Highlights

- **PNM Resources, Inc.** \$8.3 billion merger with AVANGRID, to create one of the largest clean energy businesses in the United States.
- Dismissal of all claims against **Eli Lilly and Company** involving allegations that the diabetes medication Byetta caused pancreatic cancer.
- **Skyline Renewables**’ acquisition of the 250MW Galloway 1 solar project in Concho County, Texas, as well as the tax equity and debt financing of Galloway 1.
- **Greenwood Financial**, a first-of-its-kind online bank created to aid Black and Latino individuals and businesses, in its formation, bank partnerships, and capital raises, including funding from six of the seven largest U.S. banks and the top two payment technology companies.
- Appellate court affirmation of a complete defense verdict at trial for two **trade associations** accused of conspiring to restrict the supply of eggs and egg products in the U.S. to drive up prices.
- **Quikrete Holdings, Inc.** \$2.74 billion acquisition of Forterra, Inc.
- Counsel to **Dominion Energy** in multiple matters, including the successful defense of a U.S. Federal Energy Regulatory Commission decision regarding cost allocations for undergrounding high-voltage transmission lines, and as lead environmental counsel in the proposed \$7+ billion, 600-mile Atlantic Coast Pipeline project.
