Wednesday, December 8 • 8:00 a.m. – 1:30 p.m. ET

Troutman Pepper's antitrust group is excited to offer its twelfth annual Antitrust CLE event. Given the focus of the current administration and antitrust agency leadership on changing the goals and application of the antitrust laws, it is already apparent that there is greater uncertainty and that substantive risks are on the uptick. Our attorneys will present four informative one-hour panels discussing hot topics and trends related to antitrust and aimed at providing attendees with tools and strategies for addressing antitrust issues in this period of uncertainty.
