2022 Significant Developments in the Tobacco Industry and What to Expect in 2023 (Part Two)

Regulatory Oversight Podcast

SPEAKERS

[Stephen C. Piepgrass](#) | [Bryan M. Haynes](#) | [Agustin E. Rodriguez](#) | [Nicholas Ramos](#)

In this second of a two-part series, Stephen Piepgrass continues his discussion with colleagues Bryan Haynes, Agustin Rodriguez and Nick Ramos about significant developments in the tobacco industry during the past year, and their predictions on what to expect in the months ahead.

Our panel discusses tobacco excise taxes; challenges to flavor bans; FDA's regulation of nicotine levels; potential bans on menthol cigarettes and flavored cigars; enforcement of the PACT Act; and the forecast for litigation in 2023.
