Troutman Pepper is proud to sponsor the DRI Drug and Medical Device Seminar taking place May 3 – 5, 2023, in New Orleans, Louisiana.

The seminar will provide opportunities to network with professionals in the pharmaceutical and medical device industry as well as thought-provoking presentations. Attendees will hear from a panel of judges about their approaches to key MDL and mass-tort litigation issues, and presentations about better company witnesses and juror perceptions of drug and medical device companies.

Troutman Pepper Partner Eric Rumanek will be moderating the session, “Dialogue with Heads of Litigation,” on Friday, May 5, at 10:25 a.m. Eric will be joined by panelists and heads of litigation, Carrie Hazard of Endo Pharmaceuticals, and Chris Liwski of Sanofi Pharmaceuticals, as they share their insights on managing mass tort cases, defending products against attacks from multiple sources, and winning strategies at trial and in reducing inventories.
