June 14–16, 2023

Troutman Pepper is proud to sponsor the 2023 DRI Young Lawyers Seminar taking place from June 14–16, 2023, in Charlotte, North Carolina.

The seminar will explore how the practice of law is, first and foremost, a business. To grow a law practice, you not only need to hone and perfect your legal skills, but you also need to learn what it takes to run a successful business – from building and maintaining client relationships, to staying on top of current trends and developments and using technology to your advantage. In addition to exciting programming, there will be ample networking opportunities with attorneys and in-house counsel from across the country.
