Wednesday, June 7 • 3:30 – 7:30 p.m. ET

Troutman Pepper will be hosting the 2023 Mid-Atlantic Health Care Forum on Wednesday, June 7, 2023, from 3:30 – 7:30 p.m. ET. This forum will offer discussions on the future of the industry's health care technology and investment climate, a showcase of the most exciting companies in the health care technology space, and the opportunity to network with investors, entrepreneurs, and executives alike.

Cutting-edge companies are invited to apply to present during the forum's Health Care IT Company Showcase to discuss their innovative ideas and visions for the future — a great opportunity to raise your profile and gain brand exposure in front of the most prominent Mid-Atlantic region's health care leaders. To get involved, please click the presenting company application button, found under resources, and fill out our brief application form. Applications to participate in the forum are due by May 4, 2023.
