Troutman Pepper is proud to continue our support of Mid-Atlantic Diamond Ventures (MADV) and will host their 2023 Winter Forum. MADV is an independent organization that assists emerging, technology-based companies in their effort to build sustainable businesses by better positioning them for funding while increasing value at an early and crucial stage. To date, over 400 Mid-Atlantic companies have presented at MADV and have raised more than \$640 million.

Join us on December 1 as emerging information technology, SaaS, life science, physical science, and other innovation-based emerging firms present their investment opportunities to qualified investors.
