2025 State Insurance AI & ECDIS Regulatory Guidance

Virtual

SPEAKERS

Paige D. Waters | Stephanie O'Neill Macro

Thursday, May 22 • 12:00 – 1:00 p.m. CT

The presentation discusses regulatory guidance for AI use in the insurance industry, focusing on compliance with state regulatory AI guidance and corporate governance and compliance best practices. It also covers state-specific AI regulations, employment guidance, and healthcare AI laws, stressing transparency, bias detection, and risk mitigation. The impact of AI regulation on third-party vendors and necessary compliance policies are outlined, along with trends like increased regulatory scrutiny and potential litigation related to AI use.
