Troutman Pepper Locke is proud to sponsor the 2026 DRI Drug and Medical Device Seminar taking place from April 21 – 22, in Boston, MA.

Join in-house counsel, colleagues from across the country, and industry leaders to explore the latest developments in drug and medical device litigation. Discover strategies to leverage Federal Rule of Evidence 702 to effectively challenge expert opinions. Gain insights into how drug and medical device litigation is evolving—globally and substantively. Engage directly with in-house counsel on issues that shape their work and relationships with outside counsel. Strengthen your trial advocacy skills with best practices from leading trial lawyers. Examine the ethical use of AI to ensure compliance with Rule 11, client obligations, and fast-evolving court guidelines.
