Troutman Pepper Locke is proud to support the 2026 WINC Rising Professionals Networking Breakfast.

A key initiative of SBIA's Women Investors Networking Council is to expand its outreach to colleagues at earlier stages in their professional careers. From fundraising to deal flow, private equity is a people business and building and developing your network is the foundation for professional success. This event provides an exceptional opportunity for those new to the industry or just new to a fund to expand connections, enrich relationships, and find new deals.
