In this episode, guest hosts Dan Anziska and Coby Beck join Bill Derasmo for an interview with Danielle Spalding, vice president of communications and public affairs at Cirba Solutions. Spalding discusses the importance of battery recycling and building a strong battery supply chain, highlighting the growing demand for energy storage. The group explores the incentives available in the U.S. to support domestic battery manufacturing and recycling, including the Bipartisan Infrastructure Law, the Inflation Reduction Act, and various tax credits and tariffs. Listen in to hear more about Cirba Solutions' commitment to supporting sustainable battery infrastructure.
