Wednesday, March 19 • 12:00 – 1:00 p.m. ET

Troutman Pepper Locke litigators Hyung Steele and Abigail Hazlett will be joined by Pfizer's Jeffrey Scott to present "Ethical Oversight and Best Practices: AI Integration in Compliance Departments" as part of the ACC Greater Philadelphia Chapter's Ethics & Compliance webinar series. The program will take place on Wednesday, March 19, from 12:00 to 1:00 p.m. ET.

The session will address the issues compliance departments face, including new ethical challenges and responsibilities as artificial intelligence (AI) becomes increasingly integrated into corporate operations. It will explore the critical need for AI use guidelines and oversight, including how to implement robust policies, procedures, and best practices. The discussion will also cover how compliance departments can leverage AI to enhance their functions and strategies in this evolving landscape.
