AI Discrimination and Emerging Best Practices – Part 2

The Good Bot: Artificial Intelligence, Health Care, and the Law

SPEAKERS

[Alison A. Grounds](#) | [Brett Ashton Mason](#) | [Chris J. Willis](#) | [James Koenig](#)

Join Troutman Pepper Partner Brett Mason for a podcast series analyzing the intersection of artificial intelligence (AI), health care, and the law.

In this installment, Brett Mason is joined by colleagues Jim Koenig, Alison Grounds, and Chris Willis. In part two of this two-part series, Pedro Pavón, global privacy director of monetization, privacy and fairness at Meta, shares his insights on best practices and strategies for avoiding bias and discrimination.
