Army Corps of Engineers Finalizes Remaining Nationwide Permits

Reflections on Water

WRITTEN BY

[Brooks M. Smith](#)

On December 27 the U.S. Army Corps of Engineers finalized [41 Nationwide Permits](#) that had been pending since earlier this year. These new permits take effect on February 25, 2022, and will be on the same 5-year renewal cycle as the 16 Nationwide Permits issued at the beginning of the year.
