February 18 – 21, 2024

Troutman Pepper is a proud sponsor of the AUTM Annual Meeting, taking place on February 18-21, 2024, in San Diego, CA.

The Annual Meeting packs all the professional punch you've come to count on from AUTM. It's the place for global technology transfer professionals to meet and gain insights from world-class speakers, be inspired, and reinvigorate their own professional development.

AUTM's Annual Meeting brings together the largest gathering of tech transfer movers and shakers. It's your opportunity to access a wealth of tech transfer know-how from industry leaders.

Wednesday, February 21 • 1:00 – 2:15 p.m. ET

Troutman Pepper Partners Christopher C. "Rusty" Close and Maia H. Harris will be speaking during the AUTM 2024 Annual Meeting in San Diego, CA.

Their panel, "The Shadow on the Walls – Who Has the Power in Your License?" will be on Wednesday, February 21, at 1:00 p.m.

Licensing your university's valuable technology is a fundamental measure of your office's success. Getting those agreements signed is a great day. But once the ink dries, who truly holds the power in your agreement? Are you getting what you bargained for? Can you even check to make sure? If not, have you afforded yourself any recourse? This session will discuss a number of subject areas in license agreements, some apparent and some often overlooked, where having the power can make the difference between a successful technology license and an agreement that gets hidden in the bottom drawer in the office annals.
