Boston Bar Association: Hands Off My Phone! Personal Device Requests in Government Investigations

Boston Bar Association
16 Beacon Street
Boston, MA 02108

SPEAKERS

Ryan DiSantis

Thursday, February 27 • 12:00 – 1:30 p.m. ET

Troutman Pepper Locke Partner Ryan DiSantis will participate in a panel discussion on the current challenges with employee devices in government investigations. Employees use technology to take pictures and videos, communicate with loved ones and, in a fast-paced work environment, often use personal devices to communicate about business. Given the deep sense of privacy many feel when it comes to their own devices, their multi-use nature is a challenge when an employer is faced with a government investigation.

During this program, we will discuss:

- Government Guidance on Requesting Data from Personal Devices
- Recent Actions by the SEC Concerning Off-Channel Communications
- Best Practices for Preserving, Collecting, and Producing Data; and
- Do’s and Don’ts of Company Bring-Your-Own Device Policies.

RELATED INDUSTRIES + PRACTICES

- White Collar Litigation + Investigations
