Bots, Boards & Breaches: Board Governance in the Age of AI

Troutman Pepper Locke Atlanta Office
600 Peachtree Street NE
Suite 3000
Atlanta, GA 30308

SPEAKERS

[Alison A. Grounds](#) | [Cindy D. Hanson](#) | [Michael D. Hobbs, Jr.](#) | [James E. Schutz](#)

Troutman Pepper Locke is proud to sponsor and host the Private Directors Association's (PDA) Atlanta Chapter event, "Bots, Boards & Breaches: Board Governance in the Age of AI," on May 12, 2026, from 5:30–7:30 p.m. at our Atlanta office, where partners Alison Grounds, Cindy Hanson, Mike Hobbs, and Jim Schutz will be speaking.

The panelists will discuss how AI is reshaping corporate risk faster than governance can keep up. Bots, Boards & Breaches brings together experts to unpack the real threats—IP exposure, data misuse, valuation traps, regulatory pressure—and the board's evolving duty to oversee them. Learn what questions directors must ask now, what red flags to watch for, and how to steer your organization safely through the AI era.
