Domesticating the Battery Supply Chain With ENTEK and KORE Power

Battery + Storage Podcast

SPEAKERS

[Daniel N. Anziska](#) | [William R. Derasmo](#)

In this episode of the Battery + Storage Podcast, special guest host and Troutman Pepper Partner Dan Anziska is joined by Jay Bellows from U.S. battery company KORE Power, as well as Rick Pekala and Graeme Fraser-Bell from U.S. battery component company and equipment manufacturer ENTEK. Together, they discuss the world of battery manufacturing and domestication of the battery supply chain.

Listen in as this energetic ensemble discusses the importance of domestic production, the role of separators in battery technology, and the impact of the Inflation Reduction Act on the industry. Our guests also highlight their companies' recent expansions and collaborations, and explore the future of the battery supply chain in the U.S.
