# Effectively Managing Your 200 Claim Construction Arbitration

## International Construction Arbitration: Core Concepts for Arbitration Practitioners Webinar

### SPEAKERS

[R. Zachary Torres-Fowler](#)

---

**Thursday, September 8 • 12:00 – 1:00 p.m. ET**

Troutman Pepper Partner Zach Torres-Fowler will be moderating the “Effectively Managing Your 200 Claim Construction Arbitration” webinar that is part of the ICDR Y&I’s 2022 International Construction Arbitration Series.

Construction arbitrations commonly involve large numbers of individual claims. However, because the facts and circumstances surrounding each claim can vary dramatically, the task of coherently presenting evidence on dozens, if not hundreds, of claims in a single arbitration can be daunting. In the second webinar of the ICDR Y&I International Construction Arbitration Series, panelists Patricia Galloway, Joseph Campbell, and Ronan Hanna will discuss best practices for managing the 200 claim construction arbitration.
