**Wednesday, April 12 • 12:00 – 1:30 p.m. ET**

Please join our panel of practicing lawyers and technologists as they analyze the key decisions and technical innovations impacting discovery in 2022 and highlight trends for 2023. We will discuss the practical considerations of balancing legal requirements with rapidly-changing AI and other technologies, how ESI protocols may be both a blessing and a curse for litigants, the growing influence of short-messaging applications, and how evolving data protection and privacy laws are impacting discovery.
