As the global economy continues to drive a shift to lower-carbon sources of energy and increase focus on environmental, social and governance (ESG) issues for all energy providers, the energy industry faces several mounting priorities. Locke Lord lawyers and guest speakers will tackle a number of energy ?transition topics over the coming months in this complimentary speaker series aimed at informing our clients in both traditional and renewable energy and those seeking new investment opportunities in the space.

Join us for the second webinar in the series The Energy Transition for “Old Energy”: Some Practical Pointers for What’s to Come, on Wednesday, March 24 at 12:00pm CT.

SPEAKERS:

Brandon Lobb
Partner
Locke Lord, Houston

Clarke Anderson
Co-Founder
GHI Energy, LLC, Houston

For more information, please contact Allison Arbizu.
