Tuesday, June 14 • 2:00 – 3:30 p.m. ET

Join Alison Grounds, Antonio Avant, and Stayce Harris on June 14. The program addresses some combination of the same issues and topics: 1) the scope of the ESI collection efforts; 2) the format in which electronic documents will ultimately be produced; 3) the handling of privileged information, and 4) miscellaneous items in the ESI process such as the designation of an e-discovery liaison and meet and confer issues.

The training is approved for MCLE credit in California, Illinois, New Jersey (through reciprocity), New York, and Pennsylvania. We will seek credit for all other states we have office locations. Credit for other jurisdictions may be available upon request. For more information, please email CLE Management at clemanagement@troutman.com.
