Ethical AI in Insurance Consortium: Survey Insights Webinar

RELATED PROFESSIONALS

[Paige D. Waters](#)

Paige Waters will serve as a panelist at the 2024 Ethical AI In Insurance Consortium Survey Insights webinar on March 12, 2024 at 11am ET.

Insurance industry leaders will unveil the key findings from the survey, shedding light on the current state of AI adoption and ethical considerations within the industry. The report is based on responses from Actuarial, Data Science, Underwriting, Claims and AI/Transformation professionals in P&C insurance companies, and the survey insights webinar will share key data regarding the state of ethical AI in the insurance industry along with planned AI use from mid to large insurers in the next 12 months.

The Ethical AI in Insurance Consortium is a collaborative platform dedicated to promoting responsible and ethical adoption of artificial intelligence (AI) in the insurance industry.
