Every Company Should Have Access to a Bitcoin Account

WRITTEN BY

[Keith J. Barnett](#) | [Carlin A. McCrory](#) | [Timothy A. Butler](#) | [Matthew White](#)

Troutman Pepper attorneys Keith Barnett, Tim Butler, Carlin McCrory, and Matt White are published in *Security* magazine. Their article, [“Every Company Should Have Access to a Bitcoin Account,”](#) shares insights on the increase in ransomware attacks and how companies can be proactive by implementing numerous controls, including access to a bitcoin account.
