Fair Lending and Bias Issues Related to AI/ML Model Development and Governance

Zoom

SPEAKERS

Lori Sommerfield | Chris Willis

Wednesday, August 14 • 1:00 – 2:15 p.m. ET

In this program, Lori Sommerfield and Chris Willis will survey the legal landscape surrounding the use of AI and machine learning in financial services, and provide guidance and best practices for assessing machine learning models for fair lending risk. They also will discuss the use of generative AI in both internal and consumer-facing applications, including the compliance priorities applicable to each.
