Finding, Assessing, and Managing Expert Witnesses

Zoom

Tuesday, March 4 • 3:00 – 4:00 p.m. ET

This CLE will guide attorneys through the essential steps of finding, assessing, and managing expert witnesses in litigation. Learn how to recognize the key signs that indicate it's time to retain an expert and explore preliminary search techniques to identify the right candidate. Understand when to engage an expert search firm, what to expect from the process, and how to conduct successful expert interviews. Additional topics include gathering critical background information that could support your case, managing post-retention challenges, and maintaining strong, productive relationships with your experts. The program concludes with a summary of best practices to ensure success in your expert witness engagements.
