Gaining an Edge Through Innovation: Intellectual Property

SPEAKERS

Nicholas A. Stawasz | Timothy C. Atkins

Intellectual property and know-how are crucial drivers of value for biotech and other technology driven companies. Please join Troutman Pepper and Marcum LLP for a webinar providing in-depth, practical viewpoints on the strategies and potential pitfalls related to acquiring, commercializing and enforcing intellectual property.

Our panelists will discuss:

- The acquisition of intellectual property, whether by purchase, license or direct development
- Partnering and other strategies to commercialize intellectual property
- Key considerations of enforcement, including contract provisions and litigation strategy
- Best practices to avoid dispute

Panelists:

- Timothy C. Atkins, Partner, Troutman Pepper
- Garry Neil, CSO, Cerecor, Inc.
- William Scally, Partner-in-Charge of Litigation Services, Marcum LLP

Moderator:

- Nicholas A. Stawasz, Partner, Troutman Pepper
