John Arnold will participate in a Virtual Forum on the Weatherization of Gas-Fired Generation Resources & Gas Supply in ERCOT on Wednesday, March 1 from 11:30am – 1:00pm, hosted by Gulf Coast Power Association.

John, along with fellow panelists, will address the measures required by the Public Utility Commission and Railroad Commission to implement Senate Bill 3's weatherization requirements to ensure the reliable operation of, and fuel delivery to, gas-fired generation resources, ERCOT's largest source of generation. The discussion will also include a summary and update on the implementation of the firm fuel supply service to generation resources.
