SPEAKERS

[Jason Lichter](#)

Wednesday, February 21 • 8:45 – 10:15 a.m. ET

Jason Lichter will be presenting on “Harnessing (or Wielding) the Power of Artificial Intelligence to Gain a Tactical Advantage” at the International Association of Defense Counsel’s (IDAC) midyear meeting conference in Miami, FL on February 21, 2024. Jason and the panelists will discuss what artificial intelligence tools are available now, how to best utilize the technology, and how to prepare for the continued evolution of artificial intelligence and its increasing integration into the legal profession. The program will focus on the positives of artificial intelligence, how it can be used to revolutionize the legal profession, and what counsel should consider in the weeks, months, and years to come.
