Harnessing Technology in Litigation: Insights from Troutman Pepper eMerge

Energy Law Insights

SPEAKERS

[Jim Calvert](#) | [Steven J. Hewitson](#)

Join Steve Hewitson, Partner, and Jim Calvert, Principal at Troutman Pepper eMerge, as they explore the transformative role of technology in complex regulatory proceedings and litigation. This insightful discussion covers the benefits of streamlined processes and centralized data management, as well as the exciting developments involving AI. Learn how innovative solutions are building trust, enhancing efficiency, and fostering better outcomes.

1. Technology's role in litigation

How eMerge's combination of experience and technologies can reduce friction and build trust with the requesting parties during the discovery process.

2. Streamlining transactions with technology

How centralized data management can increase efficiencies and accuracy throughout key transactions, such as mergers.

3. Technological Innovations and AI

How the advancements in AI technology are enabling attorneys to focus on big-picture thinking and high level strategy.

The energy sector is currently undergoing seismic change and with that change comes tremendous opportunity. Our energy video series, which features nationally recognized Troutman Pepper partners as they discuss a vast array of unique and complex challenges that face the energy industry.
