Tuesday, May 18 • 9:30 a.m. – 12:00 p.m. ET

Troutman Pepper is proud to sponsor the Health, Biotech, and Pharma CLE Institute presented by ACC-Greater Philadelphia, on Tuesday, May 18, 2021, from 9:30 a.m. – 12:00 p.m. ET.

Troutman Pepper attorneys Ronni E. Fuchs and Suzanne Forbis Mack, along with Julia Weisberg, Senior Corporate Counsel of Bristol-Myers Squibb, will be presenting on “Counseling During the New Normal: Lessons Learned from Going Remote During COVID-19.”

Our panelists will discuss adapting to counseling during this new phase of the COVID-19 pandemic. The panel will address FDA safety inspections, clinical trial oversight, and HCP speaker programs, as they assess how COVID-19 shutdowns changed the regulatory risks facing pharmaceutical and device manufacturers, and how those risks can be minimized as companies take their next steps.
