

Implementation Begins for Automated Form I-94

WRITTEN BY

Mark J. Newman

As of May 21, 2013, all air and sea ports of entry that support international arrivals will begin using an automated version of Form I-94. When foreign travelers are inspected at the port of entry, US Customs and Border Protection (CBP) will give foreign travelers an instruction sheet on how to look up an electronic version of I-94 on CBP's website that they can print out.

Foreign travelers entering the United States at air or sea ports of entry can print a paper copy of their I-94 at www.cbp.gov/I94. This document is the equivalent of the Form I-94 issued by CBP and USCIS.
