Troutman Pepper Locke is proud to continue its sponsorship of Innovate Newport's Health Tech Industry Spotlight series. The series encourages entrepreneurs, startups, investors, and corporate strategists to explore Rhode Island and Southern New England's growing market. The event, organized by The New England Medical Innovation Center (NEMIC), will include opening remarks from Troutman Pepper Locke's Health Care + Life Sciences partner Douglas Gray as well as an in-depth analysis of the regional startup environment, showcases of innovative solutions, and resources from local authorities.
