---

### Friday, June 10 • 1:00 – 2:30 p.m. ET

Join Alison Grounds, Antonio Avant, Lindsey Mann, and Amanda Strassner Merrill on June 10. eDiscovery 101 is a safe place to get the groundwork you need to understand the basic legal and technical concepts involved in eDiscovery. Effective eDiscovery can help clients reach their goals sooner and most cost-effectively. Alternatively, reactive eDiscovery, or ignoring the unique legal and technical considerations involved in modern litigation, can lead to increased expenses, potential sanctions, and prolonged disputes about these issues.

Our panel will walk through the discovery aspects of a sample case from start to finish – highlighting common pitfalls, resources, rules, and cases that can help get you ready for effectively managing eDiscovery.

The training is approved for MCLE credit in California, Illinois, New Jersey (through reciprocity), New York, and Pennsylvania. We will seek credit for all other states we have office locations. Credit for other jurisdictions may be available upon request. For more information, please email CLE Management at [clemanagement@troutman.com](mailto:clemanagement@troutman.com).
