[Gerry Pels](#), [Terry Radney](#) and [Bill Swanstrom](#), Partners in Locke Lord's Houston office and Energy and Infrastructure Group, have been recognized as outstanding elite advisors in Lawdragon's inaugural 500 Leading Energy Lawyers list. The list is the product of a long-honed process combining journalistic research, nominations and vetting by peers on leaders across the energy spectrum, according to Lawdragon. Pels was also recently recognized in the [Lawdragon Green 500: Leaders in Environmental Law list](#).

Locke Lord's Energy and Infrastructure Group represents clients throughout the Americas, and in Africa, Europe, the Middle East and Asia across the energy industry, at every link in the value chain. The Firm is deeply involved with exploration and production; natural gas, oil and product gathering, processing, storage and pipeline transmission; refining; oilfield services; conventional and renewable power generation; energy commodity trading and marketing; infrastructure; and all parts in between.
