[Elizabeth Mack](#), [Gerry Pels](#) and [Susan Rainey](#), Partners in Locke Lord's Environmental Section, have been recognized as standout lawyers in the Lawdragon Green 500: Leaders in Environmental Law list. The list is created based on a combination of journalistic research, nominations and vetting with peers and environmental law experts, according to Lawdragon.

Locke Lord's environmental team includes dedicated practitioners who understand the many dimensions of environmental law and the different ways these laws affect businesses and individuals. The Firm's extensive environmental experience helps clients navigate and respond effectively to regulatory compliance issues, environmental liability concerns, civil and criminal enforcement actions and citizen complaints.
