Andrew Medeiros, Troutman Pepper's Director of Innovation, was quoted in the October 30, 2023 *Law360* article, "Legal Tech Industry Looks to Future of Generative AI Models."

Andrew Medeiros, director of innovation at Troutman Pepper, added that the firm assesses AI models the way it evaluates tech vendors' products.

"One of the things we're looking at is how they're building it and how they're willing to commit to it being built in the future, and how that process is going to play out," he said.
