On Friday, May 17, 2024, Connecticut Insurance Commissioner Mais filed a Petition for Rehabilitation and Appointment of the Commissioner as Rehabilitator of PHL Variable Insurance Company (“PHL”), a Connecticut domestic stock life insurance company, and its two wholly-owned Connecticut reinsurance company subsidiaries, Concord Re, Inc. (“Concord”) and Palisado Re, Inc. (“Palisado”). On Monday, May 20, 2024, the Rehabilitation Order was entered upon the Insurers’ consent (“Rehabilitation Order”), and an Interim Moratorium Order (“Moratorium Order”) also was entered. PHL issued life insurance and annuity products and related supplemental contracts to policyholders nationwide. Concord and Palisado are captive Insurers whose only business is the reinsurance of PHL’s liabilities. The Connecticut Insurance Commissioner filed the Petition after determining that the Insurers were in a hazardous financial condition and that other alternatives have been thoroughly explored.

The Connecticut Insurance Commissioner acting in his capacity as statutory insurance receiver is the rehabilitator (“Rehabilitator”). The Rehabilitator is appointed by the receivership court (court of equity) in the Rehabilitation Order in accordance with the Connecticut insurance receivership laws. On June 25, 2024, the Receivership Court approved the appointment of FTI Consulting as Deputy Rehabilitator and Financial Adviser to the Rehabilitator, as well as, the appointment of Morgan Lewis as Counsel to the Rehabilitator. Additionally, a slightly revised Moratorium Order was entered on June 25, 2024.

If the Rehabilitation Order has been entered with a finding of insolvency, then the guaranty associations would have been triggered. PHL is currently in a hazardous condition; however, there has not been a finding of insolvency so the guaranty associations have not been triggered. (Rehabilitation Order ¶ 1.)

The Rehabilitator is vested by operation of law with title to the Insurers, their legal and equitable right, title and interest in all of the Insurers’ property, including earned premiums & commissions, reinsurance receivables, as of the date of the Order and any property acquired thereafter. (Rehabilitation Order ¶ 7.) The Rehabilitator has all of the powers of the directors, officers and managers, which are suspended, but Rehabilitator may redelegate certain powers as appropriate. (Rehabilitation Order ¶ 8.)

Within 12 months, the Rehabilitator will prepare a Rehabilitation Plan subject to the Receivership Court’s approval after notice and hearing.

Statutory State Insurance Rehabilitations

Insurers are not subject to the Federal Bankruptcy Code, but instead are subject to state insurance receivership

proceedings in all jurisdictions^[1]. Because insurance is affected with a public interest, the states are enforcing their police powers in a state insurance receivership. PHL is subject to the Connecticut Insurers Rehabilitation and Liquidation Act because it is a domestic insurer in Connecticut. CT Ins. Code § 38a-903 *et seq.* Unlike Federal bankruptcy, in which there are two classes of claimants – secured and unsecured, in state insurance receivership proceedings, policyholders are prioritized over all other unsecured creditors except for the expenses of administering the receivership. CT Ins. Code § 38a-944. The claims of each class must be paid in full before the next class can receive payments. “Every claim in each class shall be paid in full or adequate funds retained for such payment before the members of the next class receive any payment. . . . No claim by a shareholder, policyholder or other creditor shall be permitted to circumvent the priority classes through the use of equitable remedies.” CT Ins. Code § 38a-944. The Rehabilitation Plan will set forth the process for how claims will be paid and the related processes for distribution from the Estate.

PHL Moratorium Order

- Moratorium Order limits payments under ?some life insurance policies and annuity contracts while a Rehabilitation Plan is ?being developed. ?
