Mergers and Acquisitions of Pass-Through Entities: Structuring to Minimize Taxes and Maximize Deal Value 2022

RELATED PROFESSIONALS

Peter T. Wynacht

Peter Wynacht presented during Strafford's Mergers and Acquisitions of Pass-Through Entities: Structuring to Minimize Taxes and Maximize Deal Value webinar on August 18, 2022. This CLE course examined entity structuring alternatives when acquiring or selling a pass-through entity, emphasizing their differing impacts on sellers and purchasers such as the impact on tax basis step-up, financing considerations, rollover, and tax deferral issues, and incentive equity and self-employment matters. The panel also discussed conversions of pass-through entities into C corporations, hybrid structures, and the treatment of asset vs. equity purchases.
