Tuesday, November 9 • 2:00 – 3:00 p.m. ET

Please join us as our panel of lawyers and technologists will discuss the legal and technical considerations for corporations using Microsoft 365 for their eDiscovery needs. We will share common issues and observations on how clients are using the eDiscovery features in Microsoft 365. We will also review the latest changes that Microsoft has made to the eDiscovery features.

During the roundtable, attendees will have an opportunity to participate in a group discussion and share their experiences with Microsoft 365.
