Mid-Atlantic Diamond Ventures (MADV) is an established venture forum and business development platform designed to help early-stage, technology-based startups become investor-ready. MADV connects entrepreneurs with experienced advisors, angel investors, venture capitalists, and business leaders. Troutman Pepper Locke is proud to continue our support of the MADV, which is a program of the Innovation Nest in the Office of the Vice President for Research at Temple University.

Join us for a day of compelling pitches from innovation-based firms present their investment opportunities to qualified investors. The forum provides a conducive environment for networking with fellow investors, entrepreneurs, industry experts, and key stakeholders.
