---

**Friday, December 10 • 10:00 a.m. – 1:30 p.m. ET**

MADV is an independent organization that assists emerging, technology-based companies in their effort to build sustainable businesses by better positioning them for funding while increasing value at an early and crucial stage. MADV utilizes coaching sessions to prepare qualified companies for investments; helps ensure that investment materials are comprehensible, defensible and compelling; and provides input around critical aspects of entrepreneurship and scaling. Entrepreneurs that successfully complete these coaching sessions are invited to present their company at our quarterly venture forums, attended by accredited individual investors, angel groups, and venture capitalists. At these events, entrepreneurs engage one-on-one with potential investors.

To date, over 400 Mid-Atlantic companies have presented at MADV and have raised more than \$640 million.

Troutman Pepper is a proud sponsor of the MADV 2021 Virtual Venture Forum, which will be held virtually on Friday, December 10. Since this year's forum is virtual, it will be FREE to all attendees!

MADV will be featuring early-stage ventures from a variety of industries including technology, life sciences and consumer products. These startups have been working with the MADV coaches to deliver high-impact video presentations followed by a very interactive venture expo, where you will be able to meet and speak to the entrepreneurs and to each other.
