# Navigating Power Allocation and Customer Choice in a Regulated Landscape

## Energy Law Insights

### SPEAKERS

William M. Droze | Kadeisha West

---

The landscape for utilities and their customers in the power allocation space is heavily regulated. Minimum load requirements, contested rights, and myriad other issues must be understood — and handled effectively — to achieve the desired results. In this video, Partner William Droze and Associate Kadeisha West examine the regulatory and circumstantial factors that play a role in customer choice, and whether utilities should compete for a load.

- [The regulatory landscape.](#)
- [Potential disputes arising from customer choice.](#)
- [Inability to meet expected load, and applicable exceptions.](#)
- [How our team assists utilities and businesses.](#)

The energy sector is currently undergoing seismic change and with that change comes tremendous opportunity. Our energy video series, which features nationally recognized Troutman Pepper partners as they discuss a vast array of unique and complex challenges that face the energy industry.
