Navigating the CFPB's Auto Finance Data Collection Initiative

The Consumer Finance Podcast

SPEAKERS

[Brooke K. Conkle](#) | [Christopher J. Capurso](#) | [Chris J. Willis](#)

In this pivotal episode of *The Consumer Finance Podcast*, host Chris Willis, alongside colleagues Brooke Conkle and Chris Capurso, explores the Consumer Financial Protection Bureau's (CFPB) groundbreaking proposal for regular and extensive data collection within the auto finance industry. This episode is part of our special series on auto finance, where we unpack the implications of this initiative, rooted in the authority of Section 1022 of the Dodd-Frank Act, for both the industry and consumers. As the auto finance sector experiences significant growth amid rising prices and rates, we shed light on the CFPB's strategy to enhance market monitoring and ensure transparency. Join us as we explore the potential impacts of this development, the reactions from major auto finance companies, and what this means for the future of consumer financial services. Don't miss this insightful discussion that navigates the complexities of regulatory changes and their effects on the auto finance landscape.

Stay tuned for our Auto Finance Special Series on *The Consumer Finance Podcast*, where we'll be exploring various facets of the auto finance industry, from regulatory changes and compliance challenges to market trends and future outlooks. This series is essential for anyone looking to stay ahead in the rapidly evolving world of auto finance. Subscribe to our podcast on your favorite platform to ensure you don't miss an episode!
