Tuesday, April 9 • 12:00 – 1:00 p.m. CT

Vaughn Morrison will be moderating the, “Future of Merchant Power,” panel at the US Development & Finance Forum 2024 in Houston, TX.

The panel of industry leaders will discuss the following:

- Dynamics driving greenfield development for merchant projects today.
- Non-ERCOT markets where merchant projects may become favorable.
- Merchant project funding shifts given the growing variety of revenue contracts for storage and solar contracts.
- Nodes with the biggest opportunity in Texas and why.
- The impacts of BESS projects in ERCOT, following Texas PUC striking down NPRR 1186.
- Potential future ERCOT queue reform regulating capacity.
