Please join Troutman Pepper Partners Kim Phan and Stefanie Jackman for a special podcast episode showcasing our firm's state and federal legislative and regulatory tracking products. These powerful tools were designed to inform industry professionals about the latest state and federal legislative and regulatory developments in order to aid organizations with their compliance management systems and initiatives. The weekly trackers focus on three areas: debt collection, privacy and data security, and consumer reporting and Fair Credit Reporting Act case law. In addition to a weekly tracker, you will be invited to participate in monthly roundtable discussions with Kim and Stefanie. You will also have access to a searchable online portal, which houses all of the information sent out in the weekly updates plus the topics covered in our monthly roundtables. Please tune in to learn more about receiving this valuable tool for your organization.

For more information on our firm's state and federal legislative and regulatory tracking products, contact Stefanie Jackman, Kim Phan, or Mike Bevel.
