Ted Augustinos will serve as a panelist at the PDMI East Virtual seminar on March 9, 2021. Ted's panel will focus on "The Future of Data Privacy Regulation."

The panel will discuss the California Privacy Rights Act (CPRA) — what it means for marketers, what states may follow suit, and when might the federal government step into the breach? Leaders from the firms that are part of the PDMI's Government Affairs Council discuss one of the hottest topics of 2021 — and beyond.
