PFAS Webinar Series Part VI: Technical & Chemistry Considerations

SPEAKERS

Todd C. Fracassi | [Gregory W. Blount](#) | [AnnMarie Sanford](#)

Thursday, January 21 • 3:00 – 4:00 p.m. ET

Join Troutman Pepper attorneys for a monthly webinar series focused on PFAS.

This month's program will include guest speakers John Cuthbertson, Laurel Royer, and Mark Benotti. This session will be focused on:

- Determination of sampling protocol and objectives
- Standard operating procedure for accurate and reliable data collection
- Challenges associated with meeting regulatory objectives
- Challenges with PFAS assessment and remediation
- Basics of PFAS manufacture and associated applications
- Transition from long chain to short chain chemistries and implications for residual PFAS
- Opportunities to assess product portfolio
- Application of PFAS forensics

Speakers:

- John Cuthbertson, Associate Vice President, North America Industrial and Oil & Gas PFAS Lead, AECOM
- Laurel Royer, Lead Environmental Chemist, Desimone Consulting Engineers
- Mark Benotti, Senior Environmental Chemist and PFAS Lead, NewFields
