Point-of-Sale Finance Series: Innovations, Regulations, and Future Trends of Modern Credit Cards

SPEAKERS

[Jason M. Cover](#) | [Mark J. Furletti](#) | [Taylor R. Gess](#) | [Jeremy Colin Sairsingh](#)

In this crossover episode of *The Consumer Finance Podcast* and *Payments Pros*, Jason Cover is joined by Mark Furletti, Taylor Gess, and Jeremy Sairsingh to discuss the intricate world of credit cards. Whether plastic, metal, or digital, credit cards have significantly evolved over time, along with their regulations. This episode examines the historical roots, modern functionalities, and the regulatory landscape that governs credit cards. Discover how innovations like buy now, pay later models are reshaping consumer credit, and gain insights into the future of credit card regulation.
